

Dear Families,

What a lovely second week to the Spring term. Year 6 had a great time on Monday for Forest Schools, this will continue for them until half term. Please ensure they bring a spare pair of shoes to change into as it is quite muddy in the Forest Schools area. Also to wrap up warm as it's supposed to be cold again next week.

Year 1 have been searching for signs of seasonal change and have noticed that some signs of spring are unusually, already there. They have been looking for different signs around the school grounds and learning to observe their environment.

Reception had a wonderful surprise this week when a present arrived with an egg inside! They have spent the week discussing what they think might be inside, and how they can look after the egg until it hatches.

In an ever - changing world, please refer to the latest isolation guidance that changes again from Monday 17th January. It will now be for a full 5 days isolation, being 'free' on day 6 if two LFTs have proved negative with 24 hours in between. Please see the latest information in the link. <https://www.gov.uk/government/news/self-isolation-for-those-with-covid-19-can-end-after-five-full-days-following-two-negative-lfd-tests>

Clubs will available to book through our Parent Pay system from 4pm tonight. If the system allows you to book a space in a club, it means your child has a place. Clubs start from next week. If you book a place for your child onto the Cooking Club, please can you let us know on Monday at the latest if they have any allergies for me to be aware of please so that I can plan accordingly. Thank you.

In the hall, our celebrations outside of school board is filling up beautifully. Please remember if your child has an achievement outside of school, they can bring in their certificate or medal, we will photocopy and pop onto the wall. It is lovely to hear of all the amazing things our children get up to outside of school.

Have a good weekend everyone and stay warm,

Mrs Chessell
